Managing Your Health Centers Retirement Plan: What You Need to Know for

Located: Council of Community Clinics 7535 Metropolitan Drive, San Diego, CA 92108

NACHC has created a new webinar that enables health center CEOs, CFOs, other health center management, and Human Resources staff to sit in on a very important topic regarding one of the key elements of any organization: its retirement plan. If your health center has an existing 401k or 403b plan or if you are just thinking about starting one, this presentation will be very helpful to you. Attend this Webcast for a lively discussion of what's new in retirement plans for 2010. This session also provides helpful strategies to: Stay compliant with your plan; Gain insight into designing and implementing a retirement plan that is the best fit for your health center staff; Review staff roles and responsibilities for implementing a plan; and Engage in best practices dialogue with experts in the field. <http://www.nachc.com>

March 4, 2010: 11:00 am – 12:00 pm

Federal Grants Management

Located: Council of Community Clinics 7535 Metropolitan Drive, San Diego, CA 92108

This webinar, the third in a series of NACHC-sponsored webinars on grant management techniques, will focus on the key features of the federal property standards including inventory management and record keeping. In particular, the webinar will address the consequences for a health center of the federal reversionary interest in property acquired or improved with federal funds, including limitations on transferring or disposing of such property. Proper preparation and filing of the mandatory Notice of Federal Interest (NFI) in property will be discussed, including specific requirements for awards under the American Recovery and Reinvestment Act (ARRA). <http://www.nachc.com>

March 8, 2010: 1:00 pm – 2:30pm

Intermediate Compliance: Substantive Compliance Issues

Located: Council of Community Clinics 7535 Metropolitan Drive, San Diego, CA 92108

This seminar will focus on the key substantive component of any effective compliance program - namely, auditing and monitoring of clinic activities. Additional "Hot button" issues facing clinics will also be examined, including: Federally Qualified Health Center "Safe Harbors"; Licensure requirements; "330 Grant" requirements; Medi-Cal reconciliation payment issues; Billing and coding www.cpc.org

March 12, 2010: 12:30 pm – 1:30 pm

UCSD & CTEC Project TLINC: International Health

Located: Council of Community Clinics 7535 Metropolitan Drive, San Diego, CA 92108

The T-LINC series is needs-based education for physicians and health care providers designed to improve knowledge of telemedicine technologies and best practices in order to promote the successful adoption of telemedicine in clinical practice. Session Objectives: Describe the current best practices in the application of telemedicine to patient care. Compare and contrast the various types of telemedicine applications. Understand telemedicine technologies and infrastructure sufficient to select or evaluate technologies for ones clinical settings. Identify how telemedicine can expand ones practice. Develop a telemedicine business plan.

Describe legal, policy, and strategic planning issues associated with telemedicine. Session Presented by: Amanda Gosman, MD Assistant Professor Director of Pediatric Plastic Surgery University of California, San Diego Rady Children's Hospital of San Diego. Dr. Amanda Gosman is a Board Certified plastic surgeon with a busy surgical practice treating both adults and children in need of reconstructive surgery. <http://telemedicine.ucsd.edu>
