Hosts:

The Annual Health Care Symposium empowers you with best practices in clinical service delivery & clinic operations and more, as well as current issues affecting community clinics and their patients.

Again this year, the Community Clinic Association of Los Angeles County (CCALAC), the Council of Community Clinics (CCC) and the Coalition of Orange County Community Clinics (COCCC) are teaming up to host the Symposium. Being held in Huntington Beach at the beautiful Hyatt Regency Resort & Spa, the Symposium offers an incredible learning and networking opportunity for attendees.

This annual Symposium attracts over 300 people from across California and beyond, with plenary presentations and breakout sessions for CEOs, Physicians, Nurses, Dentists, Pharmacists, Mental Health Providers, Health Care Administrators, and other stakeholders from local and state government agencies, academic institutions, and other community based organizations.

The Symposium features a luncheon keynote and four breakout sessions in six topic areas - clinic operations, health information technology, finance, oral health and behavioral health.
