

Don't manage - lead change  
before you have to.

- Jack Welch

## San Diego Learning Communities

The **MISSION** of the San Diego Learning Communities is to prepare and support the leaders of San Diego's behavioral health and primary care systems of care in becoming effective and passionate change agents in an evolving integrated health care system.

The **GOAL** of each Learning Community is to support integration change leaders in San Diego by incorporating:

1. Emerging integration best practices and resources;
2. Organizational change leadership and management curriculum;
3. Trust-building approaches for partnering providers.

*The work of the San Diego Learning Communities will be guided by the "Vision of Primary Care and Behavioral Health Integration" as defined by the County of San Diego: HHSA.*

**First Learning Community  
Starts January 2012!**
